

CERTIFICATE

Recyclability of Packaging Component Group

STADA Arzneimittel AG
Stadastr. 2-18
61118 Bad Vilbel | Germany

The company receives the certification of recyclability for the following packaging component group:

Designation

Group Ladival Sun 50 ml tube (list of related articles in annex)

PE-based, printed tube laminate with PE-based shoulder and cap
(without finale closure / dosing cap)

Test result

Permitted in sort/specification:	Polyethylene, Fraction No. 329 (DE) Mixed Polyolefins, Fraction No. 323 (DE) Mixed Plastics, Fraction No. 350 - 352 (DE)
----------------------------------	--

Assessment via path:	Path 2: Polyethylene
----------------------	----------------------

Recyclate (final product):	PE regranulate
----------------------------	----------------

Test standard:

☒ **CHI assessment catalogue** for EU-wide certification

Within the certification process, conformity with the following standards was also checked:

- ☒ **Minimum standard for determining the recyclability of packaging** of the ZSVR (state 28/08/2025)
- ☒ **EN 13430** with regard to material recyclability in the post-use phase
- ☒ **ISO 14021**; see annex

Result of the assessment:

Recyclability = 93 %

In accordance with the test results the potential recyclate yield of the packaging component group amounts to 100 %.

This certificate (No. 2375-2024-004154-W1) is valid until **31/05/2027** (1 year upon issue). This certificate will lose validity in case of qualitative or quantitative changes of packaging components or decoration.

Aachen, dated 13/05/2026

Thomas Hermanns, M. Sc. RWTH
Publicly appointed and sworn expert for packaging disposal
Competent authority:
Chamber of Industry and Commerce, Aachen
The detailed results are documented in the corresponding test report No. 2375-2024-004154.

ANNEX

to Certificate No. 2375-2024-004154-W1

Information on self-declared environmental claims according to ISO 14021:

Depending on the availability of a recycling infrastructure the requirements for a recyclability claim in accordance with ISO 14021 are fulfilled for the following countries:

**Austria (AT), Belgium (BE), Germany (DE), Netherlands (NL), Norway (NO), Portugal (PT),
United Kingdom (UK)**

For the following countries, recycling infrastructure is being developed for the tested packaging; there are currently no reliable findings on the degree of implementation:

France (FR)
